

What is 2good2toss?

2good2toss is a convenient way to exchange small or large quantities of used or surplus building materials and reusable household items that would otherwise be disposed of. Think of it as an online garage sale.

You can post listings of items and materials you wish to get rid of or browse for those currently available in your area. You can also post garage sale notices. Each listing contains a description of the materials along with a name and telephone number and any cost or delivery information. The actual exchange transactions are carried out directly between the interested parties.

How Does It Work?

Making an exchange is quick and easy. Just an email or phone call can get you started.

- 1 Browse listings**
Find desired materials by individual or multiple categories. Ask for email notification when new items in your category(s) of interest are posted.
- 2 Post your own listings**
Register and establish a user name and password to protect your listings from unwanted changes.
- 3 Make an exchange**
When you find an interesting posting, just enter your name, email address and zip code. You'll be given instant access to contact information. Make contact, come to an agreement and arrange for pickup or delivery.

Who Can Use It?

Anyone can browse the site and make transactions. To be eligible to post items, you must reside in participating Washington State counties or cities (currently, Clark, Columbia, Grays Harbor, King, Lewis, Mason, Pierce, Thurston, Skagit, Snohomish and Walla Walla counties, as well as the cities of Richland, Shelton, Tacoma and Vancouver). Listings are always posted for free.

What Are The Rules?

- No illegal materials.
- No hazardous materials.
- No retail products.
- No listings for services.
- No items priced over \$99.

Buyer beware. Goods should be inspected fully before acceptance. Sellers should accept cash, or get adequate assurances that payment terms will be completed as agreed. Site sponsors take no responsibility for transactions or quality of goods received.

2good2toss exists as an informational forum to foster the lawful exchange, reuse and recycling of otherwise waste materials. It is the responsibility of 2good2toss users to be familiar with any legal limitations that may exist on the exchange of any listed materials.

The Department of Ecology and individual site administrators reserve the right to refuse, edit or delete any listing deemed inappropriate or delete a user from the site.
